

Trustworthy AI for Regulatory Compliance

TRUST is a Horizon Europe project developing **AI-powered services** to help organisations **understand, manage, and demonstrate compliance** with regulatory requirements.

> Reliable AI

Improving the reliability and trustworthiness of **AI-powered legal & regulatory guidance** to support informed decision-making.

> Simplified Compliance

Providing practical digital tools to help organisations **identify obligations, assess risks, monitor regulatory developments & prepare documentation.**

> Seal of TRUST

Transforming regulatory compliance into a **source of trust, value, and competitive advantage** through innovative certification mechanisms.
